**PROPOSED RESOLUTION**

**REVIEW AND PUBLIC HEARINGS  
ON THE NEW  
COOK COUNTY VOTING SYSTEM AND EQUIPMENT**

**WHEREAS**, the voters of Cook County, in and outside the City of Chicago, were introduced to new voting equipment in the Primary Election of March 21, 2006; and

**WHEREAS**, this equipment was purchased upon the Cook County Clerk's office's recommendations; and

**WHEREAS**, this election equipment features new optical scan ballots and electronic touch-screen machines; and

**WHEREAS**, this new equipment resulted in various problems at the voting sites, including inoperable machines, machines that did not fully perform and an inadequate number of machines; and

**WHEREAS**, 22 % of all voters actually voted in the 2006 Primary Election which is usually substantially lower than the expected percentage of voters in the General Election to be held on November 7, 2006; and

**WHEREAS**, the people of Cook County were unable to readily access election totals for each office's candidates, even into the next morning, which was much later than past elections; and

**WHEREAS**, it is in the public interest to communicate with the public including local election officials and other members of the general public on the experiences faced with the new equipment in order to avoid problems in future elections.

**NOW, THEREFORE, BE IT RESOLVED**, that the Cook County Board of Commissioners will hold three public hearings, one downtown and the other two in suburban Cook County, to determine the positive and negative experiences associated with the new voting equipment, to consider suggestions for improvements, and to allow the County Clerk's office to advise the Board of their opinions of the new voting equipment and how it was used in the 2006 Primary Election.

PROPOSED RESOLUTION

**WHEREAS**, the 2.7 million voters in Cook County are divided between two administering jurisdictions, with 1.3 million Chicago residents registered under the aegis of the Chicago Board of Elections, and 1.4 million suburban residents registered under the aegis of the Election Division within the office of the Cook County Clerk; and

**WHEREAS**, the Cook County Clerk and the Chicago Board of Elections have jointly determined it is in the best interests of all voters throughout Cook County to conduct elections under a uniform system that is similar in equipment, design, ballot format, and procedure, in all fifty Chicago wards and thirty suburban townships; and

**WHEREAS**, to achieve the goal of a uniform voting system, and to ensure full compliance with the Federal "Help America Vote" Act of 2002, the Cook County Clerk and the Chicago Board of Elections cooperated in the joint purchase of a new dual-method voting system for both paper and electronic ballots; and

**WHEREAS**, the new \$54 million system consists of three primary pieces of equipment; an optical scan ballot reader, a voter card activator/consolidator, and a touch screen vote recorder manufactured by Sequoia Voting Systems, Inc. of California; and

**WHEREAS**, all three pieces of electronic equipment were never before used in any election by the 24,000 election judges throughout Cook County, and complicated new procedures were required to issue, tabulate, consolidate, and process the ballots; and

**WHEREAS**, during prior elections in 2004 and 2002, an average of 90% of all precincts had completed in-precinct counts and reported unofficial totals within one hour of the polls closing at 7:00 pm; and

**WHEREAS**, in the primary election of 2006, the first such election using new ballot formats and vote tabulation equipment, 66% of all Suburban precincts still had not reported results by 11:00 pm, more than four hours after the polls had officially closed; and

**WHEREAS**, fully one week after election day, election authorities in both Chicago and Suburban Cook County were still working to complete the counting of all ballots, and

**WHEREAS**, the confusion and uncertainty surrounding the conduct of the 2006 Primary Election serves to undermine voter confidence in the integrity of the system; now therefore

JOURNAL OF PROCEEDINGS FOR APRIL 5, 2006

**BE IT RESOLVED**, that the Cook County Board of Commissioners will conduct a Public Hearing to examine the administration of the 2006 Primary Election in all its aspects, including functionality and reliability of all hardware and software, training of election judges, design of procedures for the conduct of the election, and the system by which the results were reported and certified by both the Chicago Board of Elections, and the Election Division of the Cook County Clerk's Office; and

**BE IT FURTHER RESOLVED** that said hearing shall include participation from representatives of the Office of the Cook County Clerk, the Chicago Board of Elections, and Sequoia Voting Systems, Inc.; and

**BE IT FURTHER RESOLVED** that upon the selection of a date, time, and location for this Public Hearing, a notice of same will be issued by the ~~Clerk of~~ Secretary to the Board of Commissioners for publication in a newspaper of general circulation.

PROPOSED RESOLUTION

**RESOLUTION SUPPORTING PROPOSED EXTENSION OF THE 7% EXPANDED  
HOMEOWNER EXEMPTION**

**WHEREAS**, property values throughout Cook County have been increasing at an overwhelming rate, with an estimated median increase of 41% in the City of Chicago for 2006; and

**WHEREAS**, the tremendous burden property taxes place on homeowners forces many of our city's long-term residents out of their neighborhoods, particularly working families and seniors on fixed incomes; and

**WHEREAS**, it is difficult for Cook County taxpayers to anticipate and budget for the large property tax increases incurred every three years as a result of triennial reassessments; and

**WHEREAS**, limiting annual increases in assessments throughout the County would provide financial assistance to our residents, and help ensure the diversity and affordability of our neighborhoods;

**WHEREAS**, due to the ever-increasing property tax burden, many long time residents are unable to remain in the prospering neighborhoods they helped to create; and

JOURNAL OF PROCEEDINGS FOR APRIL 5, 2006

**WHEREAS**, increases in the median income of Cook County residents has not kept pace with the dramatic increases in property values; and

**WHEREAS**, extending the 7% Expanded Homeowner Exemption legislation would continue to cap taxable assessment increases at 7% annually, providing Cook County homeowners with predictability and affordability; and

**WHEREAS**, the 7% Expanded Homeowner Exemption provided great financial relief to homeowners in every corner of Cook County, reducing 80% of Chicago tax bills in the first year of its implementation.

**NOW, THEREFORE, BE IT RESOLVED**, that the Cook County Board does hereby support the proposed extension of the 7% Expanded Homeowner Exemption and urges the Illinois House of Representatives to act during this legislative session to implement this reform to coincide with the 2006 City of Chicago reassessment; and

**BE IT FURTHER RESOLVED**, that suitable copies of this Resolution be delivered to Governor Blagojevich, Senate President Emil Jones, Jr., House Speaker Michael J. Madigan, Senator Frank Watson, Senate Republican Leader, Representative Tom Cross, House Republican Leader and all of Cook County's duly elected representatives in the General Assembly; and

**BE IT FURTHER RESOLVED**, that this Resolution shall take effect on the date of its passage and approval.

Transmitting a Communication, dated March 30, 2006 from

ROBERTO MALDONADO, County Commissioner

I am submitting this Resolution as a New Item at the April 5, 2006 Board meeting to be referred to the Committee on Finance for further review and discussion.

The resolution orders the Cook County Clerk to withhold payments to Sequoia Voting Systems, Inc. for the electronic election machinery supplied to Cook County until a full and complete public hearing and investigation determines the extent that Sequoia's voting equipment contributed to any errors on election day and to the extreme delay in the March 21, 2006 Primary Election results.

Submitting a Proposed Resolution sponsored by

ROBERTO MALDONADO, County Commissioner

**PROPOSED RESOLUTION**

**WHEREAS**, every United States citizen has a right to participate in our democracy by casting a vote for their chosen elected official in an election administered through a fair and accurate voting process; and

JOURNAL OF PROCEEDINGS FOR APRIL 5, 2006

**WHEREAS**, the Cook County Board of Commissioners is committed to the integrity of each vote cast by its residents and has entrusted the Cook County Clerk's office to administer and protect its election process; and

**WHEREAS**, responding to the "hanging chads" debacle of the 2000 presidential election, Congress sought to fix our voting process by implementing electronic voting, also known as "e-voting", through the Help American Vote Act (HAVA), and released \$2 billion in federal funds to modernize state's voting systems by January 1, 2006; and

**WHEREAS**, in 2005, the Cook County Board, in compliance with the HAVA mandate, approved the Cook County Clerk's office recommendation of California-based Sequoia Voting Systems, Inc. to provide updated voting equipment for the suburban county precincts at a cost of \$23.8 million; and

**WHEREAS**, the Chicago Board of Election Commissioners also selected Sequoia Voting Systems, Inc. approving a \$28 million contract for new voting equipment in the city of Chicago; and

**WHEREAS**, in the March 21, 2006 Primary Election, Sequoia Voting Systems, Inc. launched its dual-machine e-voting system consisting of touch screen machines (primarily to aid persons with disabilities, but available to all voters) and paper ballot optical scanners; and

**WHEREAS**, with widespread reports of equipment failure coupled with human error resulting from using new technology, the 2006 Primary Election will be remembered as a ballot counting disaster, with problems delaying final vote counts for nearly a full week after election day, compared to the old-style punch card system which tabulated 90 percent of the votes within one hour of the closing of the polls; and

**WHEREAS**, although election judges were required to participate in a three-hour instructional class as mandated by the Illinois Board of Election Commissioners, roughly 4,000 of the 14,000 election judges in Chicago failed to attend a training session for the new equipment, according to Daniel W. White, Executive Director of the Illinois Board of Elections; and

**WHEREAS**, reports of equipment failure permeated election day, when optical scanners broke down and machines failed as election judges tried to merge voting results of the two systems at the close of polls; and

**WHEREAS**, defective and damaged memory cards containing vote totals prevented data from being sent via cellular technology to the central counting centers and instead data cartridges were sent via taxi to the central office; and

**WHEREAS**, one day after the polls closed, Chicago was missing 252 memory cartridges with another 162 memory cartridges unaccounted for in suburban Cook County; and

**WHEREAS**, reports of Sequoia machine malfunctions in counties across the nation during the 2004 election, including Bernalillo and Sandoval Counties in New Mexico, Snohomish County in Washington and Palm Beach County in Florida may have foreshadowed Cook County's problems with the new voting machines; and

**WHEREAS**, the implementation of "modernized" e-voting equipment in Cook County's March 21 Primary Election left many candidates, participants in the election, public officials, and voters questioning the integrity of the voting process and highly skeptical of the upcoming General Election in November.

**NOW, THEREFORE, BE IT RESOLVED**, that we the Cook County Board of Commissioners do hereby order the Cook County Clerk to withhold scheduled payments to Sequoia Voting Systems, Inc. for the election machinery supplied to Cook County until a full and complete public hearing and investigation determines the extent that Sequoia's voting equipment contributed to any errors on election day and to the extreme delay in the March 21, 2006 Primary Election results, which may prove Sequoia failed to meet its contractual obligations to the County.
